Multiple Choice- Ceramics Vocabulary

- 7) _____ A revolving wheelhead which sits on a pedestal base. It is turned by hand and used for finishing or decorating pottery.
- | | |
|------------------|------------|
| a) Bat | b) Kiln |
| c) Banding Wheel | d) Wedging |
- 8) _____ Stays together, durable. Soundness of design and construction, including safety and workability.
- | | |
|----------------|-------------------------|
| a) Pug Mill | b) Structural Integrity |
| c) Green House | d) Plasticity |
- 9) _____ Stage of the clay between plastic and bone dry. Clay is still damp enough to join it to other pieces using slip. For example, this is the stage handles are applied to mugs.
- | | |
|----------------|--------------|
| a) Bone Dry | b) Bisque |
| c) Cheese Hard | d) Greenware |

- 10) _____ Action of controlling the temperature of the kiln after maturation temperature has been reached. Cooling is slowed down in order for certain changes to take place in the glaze before it is no longer fluid.
 - a) Maturing
 - b) Down-Firing
 - c) Applique
 - d) Annealing

- 11) _____ Which of the following has been fired once, so that it is almost stone-hard, and all of the chemical-water has been driven out- yet it remains porous enough to accept glaze.
 - a) Greenware
 - b) Stoneware
 - c) Bisque
 - d) "Rubber Biscuit," a song by the Blues Brothers

- 12) _____ A flat disc made out of plaster, wood, or plastic which is affixed to the wheel head with clay or pins. Bats are used to throw pieces on that would be difficult to lift off the wheel head.
 - a) Bisque
 - b) Bone Dry
 - c) Bat
 - d) Banding Wheel

- 13) _____ Refers to the filling of a mould, a negative of the desired shape, with a slip or slurry
 - a) Annealing
 - b) Casting
 - c) Absorption
 - d) Banding

- 14) _____ Decorative technique that involves the addition of molded clay to vessel surface.
 - a) Adsorption
 - b) **Appliqué**
 - c) Annealing
 - d) Burnish

- 15) _____ Pressed or rolled flat sections of clay used in hand building.
 - a) Slip
 - b) Slurry
 - c) Slab
 - d) Coil
